HPEAK (Health, Physical Education, Athletics, and Kinesiology)
Instructional Comprehensive Program Review
FALL 2018 – SPRING 2022

Principal Preparer: Charlie Roche
Contributors: Tim Frisbie, Ed Kephart, Tyler Knudsen, Noelle Collier, Kyle Heath, Lyndi Scholl, Jon Cox, Julius Jones, Tevin Cadola, Todd Zeigler, Kevin Bradford, Zac Myers, and Kristy Johnson.

The Program Review Data Report:

1. DESCRIPTION OF PROGRAM:

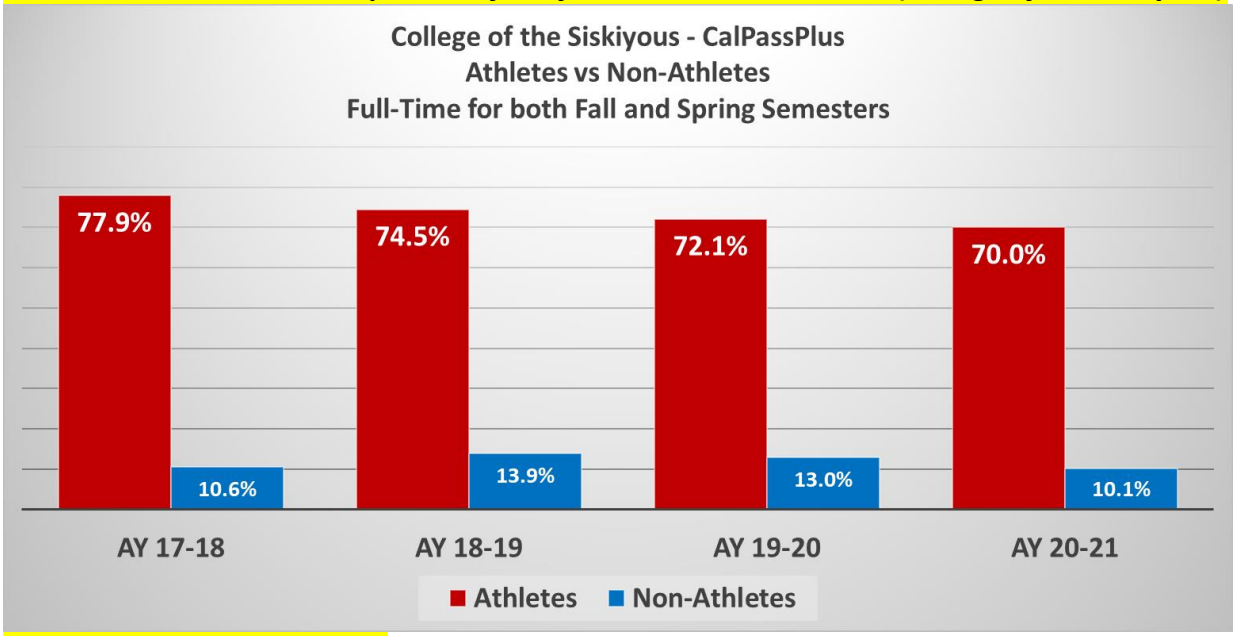
Organization:

*The organization of the HPEAK - Health, Physical Education, Athletics, and Kinesiology has changed during the review period. We are currently comprised of six full-time faculty members. Five are head coaches of intercollegiate athletic programs. Our program was fortunate enough to hire three new faculty in the Fall of 2022. We have had as many as eight full-time faculty in our department at one time. This is a welcome addition to our department. We also have four part-time faculty serving as head coaches of six programs. In addition to teaching personnel, the HPEAK program is supported by one administrative assistant, one equipment/athletic field specialist, and two athletic trainers. All program members report to the new Dean position. The program has had several positions change since the Fall of 2018 as noted by the *.*

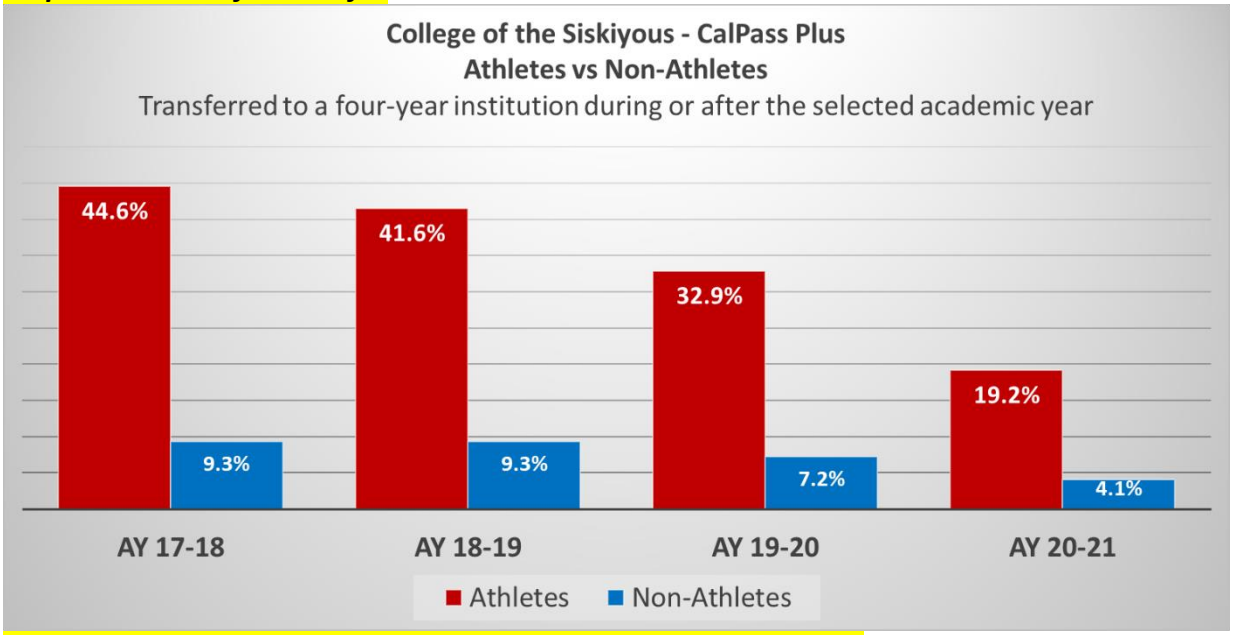
Full-Time Faculty: *Tim Frisbie*
Full-Time Faculty: *Ed Kephart (Head Men's Soccer Coach and Head Women's Soccer Coach)*
Full-Time Faculty: *Tyler Knudsen (Head Football Coach) *Hired Fall 2020*
Full-Time Faculty: *Noelle Collier (Head Women's Basketball Coach) *Hired fall 2022*
Full-Time Faculty: *Kyle Heath (Head Men's Basketball Coach) *Hired Fall 2022*
Full-Time Faculty: *Lyndi Scholl (Head Women's Volleyball Coach) *Hired Fall 2022*
Part-Time Faculty: *Jon Cox (Head Softball Coach)*
Part-Time Faculty: *Julius Jones (Head Men's Track Coach and Head Women's Track Coach)*
Part-Time Faculty: *Steve Pyles (Head Men's & Women's Cross-Country Coach) *Hired*
Administrative Assistant III: *Kevin Bradford *Hired August 2022*
Equipment Specialist / Athletics Field Specialist: *Todd Zeigler*
Head Athletic Trainer: *Zac Myers*
Assistant Athletic Trainer: *Kristy Johnson *Hired June 2022*
Dean: *Charlie Roche *Moved from Faculty July 2020 (changed from Director to Dean in July 2022)*

Primary Purpose:

Recruit and retain a sizable portion of the full-time students at COS (College of the Siskiyous)



Prepare students for transfer



Prepare students for degrees in Kinesiology and Athletic Training

AWARDS	AS - PE/ATH TRN	AS - PE/KINE	AA - PE/KINE	TOTAL
2018	0	3		3
2019	1	4		5
2020	1	9		10
2021	1	3	5	9
2022	0	0	11	11

Whom you serve (including demographics)

The HPEAK program serves three groups of students, Kinesiology majors, Athletic Training majors, and Intercollegiate Student Athletes. The HPEAK program serves a large cohort of underrepresented students.

What kind of services you provide:

The HPEAK department offers courses in four different disciplines including health, physical education, athletics, and kinesiology. We have a few general education courses that allow students to get to know the discipline while completing a general education course. We have degree specific courses that support the completion of the degrees and certificates offered in our area. We have activity lab courses that support our intercollegiate athletics program.

How you provide them:

Non-credit courses
Degree Applicable courses
Transfer courses
Vocational courses

Describe how your curriculum is up-to-date and needs based.

Since our last program review, we have:
Submitted the Physical Education AA program sequence into eLuman

- Created a sequence for students
- Created PLO's
- Created more degree options for students

Created new transfer level lecture courses for the program

- KINE 1003 – CPR, First Aid, and Emergencies

- KINE 1004 – Psychology of Sport
- KINE 1005 – Sport and United State Society
- KINE 1006 – Sports Management
- HEA 1009 – Human Sexuality

Added DE addendum to all Off-Season PEMA courses (due to COVID)

Updated / Changed the prefix on a few courses

PEMA 1031 to KINE 1031 Sports Officiating

Archived courses that we are not using (we do not have the capacity/facilities)

- PEAC1004 - Beginning Basketball
- PEAC1007 - Beginning Volleyball
- PEAC1008 - Beginning Bowling
- PEAC1024 - Beginning Tennis
- PEAC1048 - Beginning Boxing
- PEAC1104 - Intermediate Basketball
- PEAC1107 - Intermediate Volleyball
- PEAC1108 - Intermediate Bowling
- PEAC1124 - Intermediate Tennis
- PEAC1148 - Intermediate Boxing
- PEAC1204 - Advanced Basketball

Provide a breakdown of the classes offered in your areas within the Program Review cycle.

COURSES in HPEAK from FALL 2018-SUMMER 2022					
COURSE	TITLE	SECTIONS	STUDENTS	F2F	DE
HEA-1009	Human Sexuality	1	14	0	1

2. EXTERNAL FACTORS WITH SIGNIFICANT IMPACT:

What external factors have a significant impact on your program?

Housing for students that live outside of Weed

- *The city of Weed has limited off campus housing options for full-time students that are out of the area.*
- *Our lodges are limited to 152 beds. 8 of the beds are reserved for RA jobs. This leaves only 144 beds for full-time students.*
- *The limited availability of housing for our student populations has hindered our ability to grow.*

Food services
Lab space and Lab quality - Facilities
Financial Aid process from application to completion
Enrollment process from application to the first day of class / Orientation
Student Employment – Lack of student work student positions on campus
Competition from other community colleges that have more efficient processes, better housing opportunities, and better facilities.
CCCAA (California Community College Athletic Association) Constitution and Bylaws for our athletics courses limit the number of contact hours

3. PROGRESS ON OUTCOMES ASSESSMENT

Please summarize the progress your unit has made on program and/or course level SLO measures you have applied since your last Program Review:

We have been tracking and analyzing student attainment of learning outcomes informally. It informs large and minor changes we make to our courses regularly. However, we do not have clarity on the current institutional process for tracking these assessments. We got our program updated in eLuman during the fall of 2021. We are still waiting for a way to capture course SLO's and Program level assessment data within eLuman.

Please describe any program/course and/or instructional improvements made by your unit as a result of the outcomes assessment process.

We have had some changes to our courses recently due to SLO assessment and the COVID-19 pandemic.
These changes include:
Clarifying assignment guidelines
Changing the amount of time devoted to certain subjects
Provide compliance with COVID testing requirements by external (CCCAA) and internal (COS) bodies
Lab courses required modification due to testing and COVID tracking
Greatly modifying assignments to meet learning objectives in the online or remote environment

Please describe the program's assessment plan for the next four years.

We need to engage in a meaningful and formalized process and will do so once that process has been delineated. SLO and PLO Assessment direction and coordinator.

4. INSTITUTIONAL PROGRAM EFFECTIVENESS INDICATORS: Please discuss your program's performance on each program specific data item provided by the Research Office. If you have already discussed your program's performance on one or more of these components then refer to that response here, rather than repeating it.

a) *Use the data provided by the Research Office to discuss your current Course Completion Rate and then set a Course Completion Rate goal for your future program review cycle.

PREFIX	Course Completion	Attempts	Course Completion Rate
PEMA	1928	2019	95.5%
KINE	555	600	92.5%
HEA	942	1022	92.2%
PEFI	219	243	90.1%

b) *Use the data provided by the Research Office to discuss your current Course Success Rate and then set a Course Success Rate goal for your future Program Review cycle.

PREFIX	Success	Attempts	Course Success Rate
PEMA	1874	2019	92.8%
KINE	465	600	77.5%
HEA	759	1022	74.3%
PEFI	195	243	80.2%

c) *Use the data provided by the Research Office to discuss your FT/PT Faculty Ratio and how it is impacting your program and/or student success.

PREFIX	PT Faculty	FT Faculty	Uknown
PEMA	91/136 (67%)	42/136 (31%)	3/136 (2%)
PEFI	72/139 (52%)	43/139 (31%)	24/139 (17%)
KINE	7/28 (25%)	21/28 (75%)	
HEA	30/51 (59%)	20/51 (39%)	1/51 (2%)

5. OTHER UNIT-SPECIFIC QUANTITATIVE AND QUALITATIVE RESEARCH:

CAL PASS DATA?

a) *A list of any quantitative or qualitative measures not provided in the previous questions that you have chosen to gauge your program's effectiveness (e.g., transfers, degrees, certificates, satisfaction, student contacts, student headcount, Perkin's data, equity data, etc.)

Our area provides the college with one of the largest access points for underrepresented students. Our area serves the largest cohort of underrepresented students on campus. We operate in the oldest, most outdated laboratories on campus.

FALL 2018 - SPRING 2022								
RACE	PEMA		PEFI		HEA		KINE	
	754	100%	778	100%	1021	100%	381	100%
African-American	99	13.1%	96	12.3%	82	8.0%	31	8.1%
American Indian/Alaskan Native	21	2.8%	23	3.0%	28	2.7%	11	2.9%
Asian	8	1.1%	10	1.3%	12	1.2%	7	1.8%
Filipino	3	0.4%	5	0.6%	5	0.5%	2	0.5%
Hispanic	67	8.9%	53	6.8%	108	10.6%	27	7.1%
Pacific Islander	14	1.9%	8	1.0%	8	0.8%	2	0.5%
Two or More Races	179	23.7%	135	17.4%	200	19.6%	96	25.2%
Unknown/Not Reported	36	4.8%	42	5.4%	76	7.4%	13	3.4%
White	327	43.4%	406	52.2%	502	49.2%	192	50.4%

126.64 / 281.52 = ***45% of FTE generated over the last 3 years by African American students is by courses in Health, Physical Education, Athletics, Kinesiology, and EDUC 0670***

b) A summary of the results of these measures.

Our area provides the college with one of the largest access points for underrepresented students. Our area serves the largest cohort of underrepresented students on campus. We operate in the oldest, most outdated laboratories on campus.

c) What did you learn from your evaluation of these measures, and what improvements have you implemented, or do you plan to implement as a result of your analysis of these measures?

Are we as a college interested in supporting the sustainability of programs that serve underrepresented students?

6. EVALUATION: Based upon and not repeating the descriptions you provided in Question 1 and the responses provided in Questions 2 – 5, please provide an analysis of what is going well and why and what is not going well and why, in any of the following areas that are relevant to your program:

a) Representativeness of population served

- *See above*

b) Alternative modes and schedules of delivery (e.g., online, hybrid, early morning, evening services)

- *Block schedule has created some difficulty in scheduling courses. Our students are full-time and need a full load. The early morning block could be utilized more by our faculty if we had outdoor facilities that would allow for this. (Turf / Lights) This would allow us to schedule classes around the other courses our students take.*

c) Partnerships (internal and external)

- *Working with our CTE programs in scheduling time in the Weight Room and Gym lab spaces for use.*
- *We are working with our CTE programs to extend the contracts of our athletic training staff so that CTE academy students can use the services provided by our athletics training staff.*

d) Innovation and implementation of best practices

- *Adding HUDL Focus to three lab spaces has made it better for our faculty to evaluate students in labs*

e) Efficiency in operations

- During Covid – moving weight room outside to allow lab classes to continue and reduce the risk of Covid for lab classes.
- Evaluating lab class time slots and scheduling to work with other areas.

f) Efficiency in resource use

- We review every year for ways to become more efficient with our funding.

g) Staffing

- *During the review period we have had several changes in our department. We have added three new faculty, hiring a replacement athletic coordinator, opening an assistant field specialist, and hired an assistant athletic trainer three times.*

h) Participation in shared governance (e.g., do unit members feel they participate effectively in planning and decision-making?)

- *Our faculty and staff serve on several committees*
- *Our faculty often feel left out of meetings due to scheduling conflicts with teaching.*
- *We often schedule meetings in the afternoon when most of our faculty teach.*

i) Professional development and training

- *Our faculty are required to participate in flex activities.*
- *Our staff have the opportunity for professional development every year.*

j) Compliance with applicable mandates

- *All faculty and staff complete the required CCCAA compliance exam yearly*

7. VISION. Tell us your unit's vision: Where would you like your program to be four years from now? Dream big while considering any upcoming changes (e.g., new buildings, labs, growth, changes in the discipline, etc.)

We would like to be operating with 250 full-time students. We have created a new major sequence to meet the needs of our students. We are extremely concerned about the ability to grow back to that level with the current housing situation for students. We are hopeful that the new housing project will be completed soon and allow our programs to grow back to 250+ students.

LAB SPACE

Artificial surface (LAB SPACE for PEMA / PEFI courses)

Football/Soccer stadium
Baseball Field
Softball Field
All three items would provide better success and retention for our students. All three items would provide a safe space for students to conduct their labs in PEMA courses.
Poor weather conditions and limited resources for upkeep are a major downfall for our current lab space.
Has been on the facilities master plan since 2000 (23 years!)
We can increase enrolment for our college with this facility.
More full-time students
More degree seeking students
More transfer students
Our programs are the largest cohort of underrepresented students on this campus

Indoor training facility LAB SPACE for PEMA / PEFI courses)

Currently the gym is used by 14 programs.
The gym is the most used classroom on our campus. The gym is also one of the oldest buildings on campus. We have been operating above capacity for many years.
The indoor training facility has been on the facilities master plan since 2000 (23 years!) Poor weather conditions and limited resources for upkeep are a major downfall for our current lab space.
We can increase enrolment for our college with this facility.
More full-time students
More degree seeking students

More transfer students
Our programs are the largest cohort of underrepresented students on this campus

Dedicated building for classrooms, meeting rooms, offices, locker rooms, shower facilities, circuit training weight room, Olympic lifting weight room, storage space, yoga, and dance space for HPEAK.
We are currently spread all over our campus.
We are operating above capacity.
We continue to add programs (Men's Soccer, Women's Soccer, Men's Cross Country, Women's Cross Country) and have not had a plan for the infrastructure needed to support the sustainability of these programs.
Adding additional programs has caused strain on all our infrastructure.
Other colleges that we visit have found a way to support the upgrade of these facilities.
Lack of updated facilities has impacted recruitment, retention, and student success.

8. PROGRESS ON PRIOR GOALS:

Briefly summarize any progress your unit has made in meeting the goals and objectives identified in the program's last Four-Year Action Plan.

CQIPS (FALL 2018 - SPRING 2022)				
Date	Title	Amount	Funded	Result
4/2/2019	ISS 2 - Athletics Fields	$17,109	NO	
4/2/2019	Full-Time Faculty Replacement	$96,000	NO	
4/2/2019	56 Passenger Bus	$250,000	NO	
4/2/2019	Athletic Advisor	$81,400	NO	
Date	Title	Amount	Funded	Result
4/8/2020	Full-Time Faculty Replacement	$96,000	NO	
4/8/2020	56 Passenger Bus	$250,000	NO	
4/8/2020	Athletic Advisor	$81,400	NO	
4/8/2020	Athletic Trainers to 12 Month Contracts	$10,000	NO	
7/1/2020	HUDL AD Package	$6,500	Yes	
7/1/2020	Front Rush Recruiting	$2,500	Yes	Brought all programs under one common recruiting service
7/1/2020	eTeam Sponsor FundRaker	$3,500	Yes	Gave opportunity to all programs to fundraise at a much lower cost
7/9/2020	Stretch Live - Presto Sports	$0	N/A	Allowed athletic programs to live stream games
7/20/2020	Workstations / Phones - Coaches	$0	N/A	Provided phones and desktop stations for those that did not have them
Date	Title	Amount	Funded	Result
1/5/2021	Electrostatic Sprayer and MB-10 Tablets.	$2,460	Yes	Help with our weight room labs keeping safe from COVID
1/5/2021	12 Month Contract for Athletic Trainers	10,600	Yes	More access for students more of the time

1/22/2021	56 Passenger Bus - Purchase 2	$550,000	NO	
1/22/2021	Replace the loss of a practice field for football / Turf Game Field	$1,200,000	NO	
1/22/2021	Build a Field house	$3-5 Million	NO

Adding full-time faculty to replace retirements and resignations.
We were able to add three new full-time faculty members for the FALL of 2022 term!
Updating Curriculum and creating a more conscience major for our area.

We have adjusted our curriculum to meet our student population's needs.
Kinesiology lecture courses created since last Program Review.
Submitted the Physical Education AA program sequence into eLuman

- Created a sequence for students
- Created PLO's
- Created more options for students
- Created new transfer level lecture courses for the program. These courses have provided more transferable lecture-based courses for our students.
    - KINE1000 - Introduction to Kinesiology
    - KINE1003 - CPR, First Aid, and Emergencies
    - KINE1004 - Psychology of Sport
    - KINE1005 - Sport and United States Society
    - KINE1011 - Nutrition
    - KINE1030 - Principles of Physical Fitness and Wellness
    - HEA1009 - Human Sexuality

9. FOUR YEAR-ACTION PLAN AND CONTINUOUS QUALITY IMPROVEMENT PROPOSAL (GOALS, OBJECTIVES, RESOURCES, AND ACTIONS):

Reflect on your responses to all the previous questions. Write a Four-Year Action Plan, entering the specific program goals you have formulated to maintain or enhance your strengths, or to address identified challenges. In writing your objectives and developing your resource requests, consider student learning and program assessment results. Assign an overall priority to each goal and each objective. In addition, enter any actions and/or resources required to achieve each objective. Then complete a CQIP (Continuous Quality Improvement Proposal) for each new budget allocation request.

Goal 1: Ensure we are meeting the needs of our students in our area and within the college

- Work together as a department in scheduling courses, travel, lab space, marketing and promotion of our program.
- Obtain funding to update lab space.
- Complete the hiring process of an athletic advisor.
- Track transfer students and goal completion in our area better.
- Use data to help guide our area to better serve our students
- Ensure that the curriculum is up to date.

Goal 2: Provide an access point for underrepresented students to college.

- Obtain funding for updating lab spaces in our area to help with recruiting underrepresented students to our college at a higher rate.
- Use data to help guide the results of this student population.

Goal 3: Increase access to our lab spaces for members of our community and beyond

- Create a physical fitness lab that has the flexibility to meet the needs of everyone on campus and our community.

- Be diligent in recording student hours.
- Ensure all faculty have the resources needed to effectively teach these lab courses.

Goal 4: Evaluate the efficiency of our programs and explore program closure and program addition

- Programs we can add that help with retention and/or new students
- Programs we can eliminate that will help with the efficiency of our area
- Programs we can revitalize with curriculum updates or funding
- Use data to evaluate and support our process

Signature Page

We the undersign certify that the insert program name here program review process included broad dialogue about student learning, program effectiveness and resource allocation.
